Reference:	SE226	Bathrooms:	5	Year:	2020	Location:	Santa Ponsa

### Description

This newly built villa has just been completed and is ready to move in (Q2-2021). It is located in the popular residential area of Santa Ponsa in the southwest of Mallorca. Here you are close to the beach, international schools, golf courses and all amenities. The villa offers everything you could wish for in a dream home. It has 5 bedrooms, each with its own bathroom. The master bedroom also has a walk-in closet. On the ground floor there is the open kitchen and dining area as well as the living area. There are several terraces, as well as a pool with sundeck and a Mediterranean garden. The villa has a basement and a garage with space for 5 cars. The utility room is located here. There is also an elevator that connects all floors of the house. On the roof terrace you have a wonderful sea view. A great project that will be ready to move in a few weeks and is perfect for a family.
